

BEFORE
THE PUBLIC SERVICE COMMISSION OF
SOUTH CAROLINA
DOCKET NO. 96-108-C - ORDER NO. 96-618
SEPTEMBER 6, 1996

IN RE: Application of METROLINK COMMUNICATIONS,)	ORDER
INC., for a Certificate of Public)	APPROVING
Convenience and Necessity to Provide)	CERTIFICATE
Intrastate Resold Telecommunications)	
Services within the State of)	
South Carolina.)	

This matter comes before the Public Service Commission of South Carolina (the "Commission") by way of the Application of MetroLink Communications, Inc. ("MC" or the "Company") requesting a Certificate of Public Convenience and Necessity authorizing it to operate as a reseller of intrastate interexchange telecommunications services in the State of South Carolina. The Company's Application was filed pursuant to S.C. Code Ann. §58-9-280 (Supp. 1995) and the Regulations of the Public Service Commission of South Carolina. At the time the Company's Application was filed, the name of the Company was "GlobalOne, Inc." Before the hearing date, the Company officially changed its name and is now known as "MetroLink Communications, Inc."

The Commission's Executive Director instructed MC to publish, one time, a prepared Notice of Filing in newspapers of general circulation in the affected areas. The purpose of the Notice of Filing was to inform interested parties of MC's Application and of the manner and time in which to file the

appropriate pleadings for participation in the proceeding. MC complied with this instruction and provided the Commission with proof of publication of the Notice of Filing.

A hearing was commenced on August 21, 1996, at 11:00 A.M., in the Commission's Hearing Room. The Honorable Guy Butler, Chairman, presided. MC was represented Faye A. Flowers, Esquire. Catherine D. Taylor, Staff Counsel, represented the Commission Staff.

Christina Weiksnar, Regulatory Manager of MC, appeared and offered testimony in support of MC's Application. Ms. Weiksnar stated that MC is an Illinois corporation which is registered to do business in South Carolina as a foreign corporation. According to Ms. Weiksnar, MC proposes to offer long distance services using resold transmission services of carriers certificated to carry traffic in South Carolina. Ms. Weiksnar explained the Company's request for authority to provide interexchange telecommunications services in South Carolina as a reseller. The record reveals the Company's services, operations and marketing procedures.

Ms. Weiksnar also explained that MC possesses the technical, financial and managerial abilities to provide its services in South Carolina. Ms. Weiksnar further testified that the Company would make certain changes to its proposed tariff to comply with Commission guidelines and prior Orders.

After full consideration of the applicable law, the Company's Application, and the evidence presented at the hearing, the Commission hereby issues its findings of fact and

conclusions of law:

FINDINGS OF FACT

1. MC is incorporated under the laws of the State of Illinois and is licensed to do business as a foreign corporation in the State of South Carolina by the Secretary of State.

2. MC operates as a non-facilities based reseller of interexchange services and wishes to provide its services in South Carolina.

3. MC has the experience, capability, and financial resources to provide the services as described in its Application.

CONCLUSIONS OF LAW

1. Based on the above findings of fact, the Commission determines that a Certificate of Public Convenience and Necessity should be granted to MC to provide intrastate interLATA service and to originate and terminate toll traffic within the same LATA, as set forth herein, through the resale of intrastate Wide Area Telecommunications Services (WATS), Message Telecommunications Service (MTS), Foreign Exchange Service, Private Line Service, or any other services authorized for resale by tariffs of carriers approved by the Commission.

2. The Commission adopts a rate design for MC for its resale services which includes only maximum rate levels for each tariff charge. For intrastate interLATA "0+" collect and calling card calls, MC may not impose a fixed operator service charge more than the intrastate charges then currently approved

for AT&T, and for the usage portion of the call, MC may not charge more than the intrastate rates charged by AT&T at the time such call is completed. A rate structure incorporating maximum rate levels with the flexibility for adjustment below the maximum rate levels has been previously adopted by the Commission. In Re: Application of GTE Sprint Communications Corporation, etc., Order No. 84-622, issued in Docket No. 84-10-C (August 2, 1984).

3. MC shall not adjust its rates below the approved maximum level without notice to the Commission and to the public. MC shall file its proposed rate changes, publish its notice of such changes, and file affidavits of publication with the Commission two weeks prior to the effective date of the changes. However, the public notice requirement is waived, and therefore not required, for reductions below the maximum cap in instances which do not affect the general body of subscribers or do not constitute a general rate reduction. In Re: Application of GTE Sprint Communications, etc., Order No. 93-638, issued in Docket No. 84-10-C (July 16, 1993). Any proposed increase in the maximum rate level reflected in the tariff which would be applicable to the general body of the Company's subscribers shall constitute a general ratemaking proceeding and will be treated in accordance with the notice and hearing provisions of S.C. Code Ann. §58-9-540 (Supp. 1995).

4. MC shall file its revised maximum tariff and an accompanying price list within thirty (30) days of the date of

this Order. The revised tariff shall be consistent with the findings of this Order and shall be consistent with the Commission's Rules and Regulations.

5. MC is subject to access charges pursuant to Commission Order No. 86-584, in which the Commission determined that for access purposes resellers should be treated similarly to facilities-based interexchange carriers.

6. With regard to the Company's resale of service, an end-user should be able to access another interexchange carrier or operator service provider if the end-user so desires.

7. MC shall resell the services of only those interexchange carriers or LECs authorized to do business in South Carolina by this Commission. If MC changes underlying carriers, it shall notify the Commission in writing.

8. With regard to the origination and termination of toll calls within the same LATA, MC shall comply with the terms of Order No. 93-462, Order Approving Stipulation and Agreement, in Docket Nos. 92-182-C, 92-183-C, and 92-200-C (June 3, 1993).

9. MC shall file surveillance reports on a calendar or fiscal year basis with the Commission as required by Order No. 88-178 in Docket No. 87-483-C. The proper form for these reports is indicated on Attachment A.

10. The Company shall, in compliance with Commission Regulations, designate and maintain an authorized utility representative who is prepared to discuss, on a regulatory level, customer relation (complaint) matters, engineering operations, tests and repairs. In addition, the Company shall

provide to the Commission in writing the name of the authorized representative to be contacted in connection with general management duties as well as emergencies which occur during non-office hours. The Company shall file the names, addresses and telephone numbers of these representatives with the Commission within ten (10) days of receipt of this Order. Further, the Company shall promptly notify the Commission in writing if the representatives are replaced, and the Company is directed to comply with the Commission regulations unless waived by the Commission.

11. MC is allowed to incorporate in its tariff a surcharge for operator-assisted and calling card calls not to exceed \$1.00 for calls originated at hotels and motels and at customer-owned pay telephones only if the property owners have not added a surcharge already. That is, the Company may not impose an additional surcharge to calls originating at hotels and motels and customer-owned pay telephones if such a surcharge has already been imposed by the property owners. If such a charge is applied, however, it should be paid in its entirety to the customer by MC. Further, if the surcharge is applied, the user should be notified of imposition of the surcharge. This information should be included in the information pieces, such as tent cards or pay telephone stickers, identifying MC as the operator service provider for the pay telephones or guest telephones.

12. MC is required to provide "tent" cards to hotels and motels for placement next to guest telephones and stickers to

customer-owned pay telephones identifying MC as the provider of operator service for intrastate interLATA calls. MC is required to brand all calls identifying itself as the carrier for the hotel or motel. The information pieces shall be consistent with the format approved by the Commission in Order No. 93-811, issued in Docket No. 92-557-C.

13. For the provision of operator services, MC shall comply with the Operator Service Provider Guidelines approved in Order No. 93-534, issued in Docket No. 93-026-C.

14. This Order shall remain in full force and effect until further Order of the Commission.
